Green Tourism ECO-LODGE

In the south west of the island, at 350/400m in altitude, Chamarel is surrounded by the natural park of the Black River gorges, a protected natural heritage site. In this region, the World Wild Life Society has managed to save a number of species from extinction like the kestrel, the pink pigeon, and the green parrot.

Lakaz Chamarel Exclusive Lodge is situated 50mn from the airport, 1h from the capital Port-Louis, 10 to 15mn from the most beautiful beaches on the island like the Morne and Baie du Cap! 10 to 15mn from the small coastal villages of Black River and La Gaulette where you will find supermarkets and shopping centers.

Lakaz Chamarel Exclusive Lodge is a small 'boutique hotel' unique and refined in the heart of a splendid tropical garden of twelve hectares, surrounded by the mountains of Chamarel, Lakaz Chamarel is a pearl among the top hotels of the destination which guarantees exclusivity and serenity to 'nature and green tourism lovers' in a warm and harmonious decor, and with a refined local cuisine.

Each room declines its ethnic influence in its furniture and its decoration: China, Africa, India, or simply tropical. The wood, the slate, the beams, the terra cotta, the ton ochre, beige and rust typically confer to this Exclusive Lodge, a Mauritian charm. The terraces open on the infinite one; the bathrooms to open sky make it possible to benefit from the spectacle of surrounding nature.
