The Maya Mission

To create and maintain the sector benchmark
for environmentally responsible style and personal luxury
together with inspired service that exceeds guest expectations,
with innovative management initiatives and a dedicated staff
who take ownership to ensure the ultimate atmosphere
for relaxation, refreshment and renewal.

Celebrated as one of the world's premier tourist destinations, the incomparable tropic island paradise of Bali sits like a central jewel in the string of Indonesian archipelago islands. To the Balinese, this is the Island of the Gods.

Including the offshore lesser islands of Nusa Penida, Nusa Ceningan, Nusa Lembongan, Serangan and Menjangan, the population of Bali exceeds three million. Every aspect of the inhabitant's daily lives is directed by Balinese Hinduism, with a myriad of temples and offering alters sprinkled across the vibrant island. The mother temple, Pura Besakih sits high on the slopes of Gunung Agung, the most sacred of all mountains.

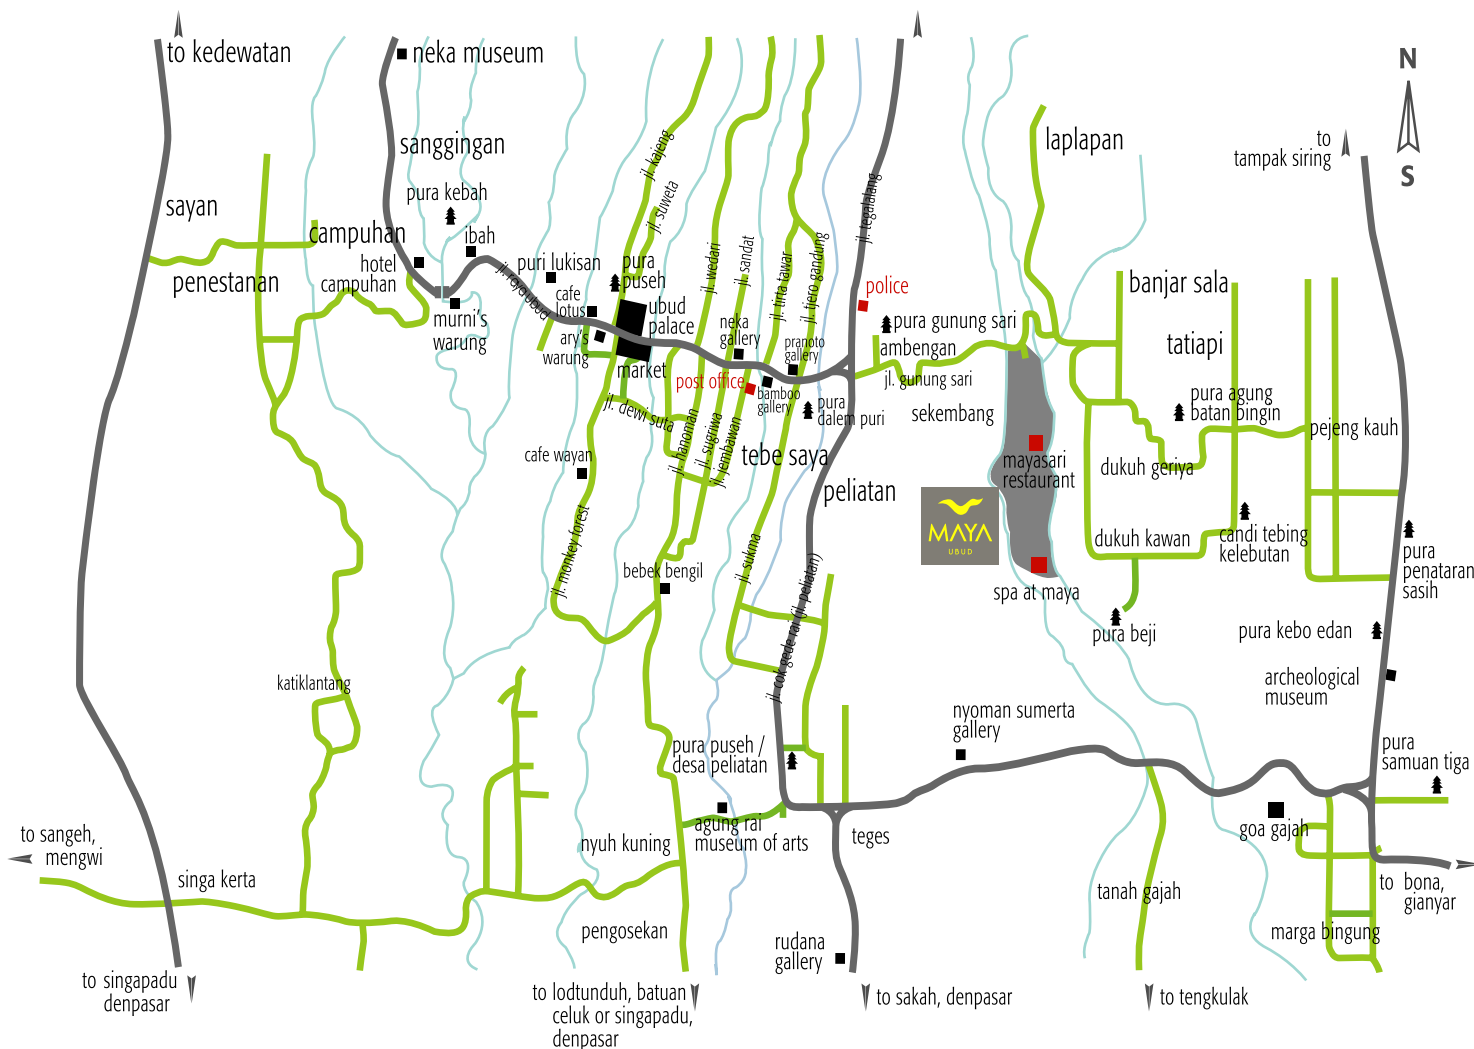

Known for centuries as a bountiful rice producer, along with other forms of agriculture, Bali is also renowned for its artistic works in painting, woodcarving and stonemasonry. Wherever one travels, the senses are assaulted with beauty and creative pursuits.

Ubud has long been lauded as the cultural heart of Bali, where fine arts, dance dramas and music flourish. It is of little wonder that inspiration runs riot when considering the beautiful natural surroundings. The many art galleries and museums of Ubud present impressive collections in both traditional and contemporary styles by local artists and international masters.

There is also a lesser-known side to Ubud - which means medicine in the ancient Sanskrit language of the island. Until the present day, many visitors to Ubud seek the benefits of traditional herbs and plants, plus the practitioners - Balians - with knowledge of their curative properties.

Direct flights serve Bali's Ngurah Rai International Airport (DPS) from around the world. Frequent and convenient connections are also scheduled through Soekarno – Hatta International Airport Jakarta (CGK).

Maya Ubud Resort & Spa is around a one hour drive from the airport, and is within comfortable walking distance to the centre of Ubud township.
