- GRAND MEMORIES -

- Grand Style -

The Grand Style is all about limitless expression.
It's vibrant and charismatic. Sometimes eccentric. Sophisticated, but not pompous.
And, under any circumstance, a Grand Dame exuding class.

The interior design of Grand House
has a strong link to the history of the building.
It's an eclectic style suited to the taste of the 1920s.
The hotel's décor is an elegant transition between Art Nouveau
and Classical Composition with a Colonial touch

Grand Interiors

- Grand Cuisine -

At the Grand Salon and the Grand Salon Bar, with stunning views over the marina and an interior design inspired by the feel of clubs in colonial times, the tastes, smells, sounds and sights of the Eastern Algarve will come alive on your plate.

The talented team creates traditional Algarvian food with a twist to showcase and preserve our Portuguese culinary heritage.

The kitchen works with farmers in the local community to source seasonal, local, fresh and flavorful ingredients.

The hotel's rooftop bar Grand Secret Garden serves signature cocktails and Portuguese wine with striking river vistas spanning across the river to Spain.
