EDITORIAL INSPIRATION

BEDDING BY MÜHLDORFER

Mühdorfer, a German duvet and pillow manufacturer, supplies all the hotel's bedding. A restful night's sleep is ensured by the soft goose-down used in the pillows and duvets.

OLIVE OIL BY COOPERATIVA DE SÓLLER

The olives from the Sóller Valley have been cultivated and cold pressed for centuries, producing some of the finest extra virgin olive oil in the Mediterranean. With the Cooperativa de Sóller, the local expertise is brought to guest's plates with 'Olis de Sóller', a bespoke oil made exclusively for Jumeirah Port Soller. The bottles adorn the tables of Cap Roig Brasserie and Es Fanals by Javier Soriano, ready to drizzle the delicate flavour over any dish.

FANALS BY GORDIOLA

The Gordiola family, renowned for their traditional Mallorcan glass blowing, created the chandelier hanging in the centre of Es Fanals' spiral staircase. The glass light shades reflect the Fanals lamps that old Mallorcan fisherman used to attract their catch while fishing at sea.

SODASHI

Nourishing skincare by Australian boutique manufacturer. 100% natural and result-driven, taking a holistic approach to beauty into a total experience to rediscover body, mind, and soul.

GUEST CHEF SERIES WITH MALLORCAN CHEFS

An annual tradition at Jumeirah Port Soller, where four gastronomic talents from the island are invited to collaborate with Executive Chef Javier Soriano, devising superb meals for spectacular evenings. All chefs are reunited at the finale event, alongside local vineyards whom initiate the night with a wine tasting, before the delectable five course meal concludes the year's series.

UNIQUE EXPERIENCES

Jumeirah Port Soller Hotel & Spa's varied portfolio of Unique Experiences, specially developed by the Concierge team, enables guests to effortlessly encounter the island and its special culture with varied choices like Exclusive Helicopter Tours, Sunset Boat Trips and Walk and Wine experiences. Always tailored to the guest, each Unique Experience provides a truly bespoke way to discover an authentic side of Mallorca, no matter a guest's interests.

INTERIOR AND DECOR OVERVIEW

Each of the 81 Rooms, 37 Suites and three Signature Suites offer an intimate space and relaxed ambience that dissipate the Mediterranean's slower pace of life into every guest's experience.

The three Signature Suites offer unparalleled hotel experiences, with complimentary chauffeured airport transfers alongside locally produced orange marmalade and Menorquina shoes as additional welcome amenities. Premium Bulgari amenities are offered exclusively in Signature Suites.

MAR BLAU VILLA:

The villa Mar Blau suite is hidden away in an exclusive corner of the hotel. The open plan living area has Mediterranean touches in the wooden floors and Mallorcan windows. The décor's blue tones complement the incredible views of the sea, visible anywhere throughout the 185sqm suite. From the large balcony, descending the spiral staircase leads to the lower terrace and its own compact current pool. The master bedroom with its walk in wardrobe and large en-suite bathroom comprises the lower floor, and is privileged with direct access to the pool terrace. As Jumeirah Port Soller's largest suite, it sleeps four guests.

LIGHTHOUSE SUITE:

The two person suite is structured to take in the panoramic views that stretch from the mountains to the sea. Windows span from the lower floor's living area up to the vaulted ceiling above the master bedroom and its king-size bed. A neighbouring en-suite houses the rain shower and luxurious bath.

The 110sqm of indoor space is enhanced by the private 220sqm terrace with its own garden and integrated jacuzzi. To increase capacity to four, it can be connected to a Junior Suite.

OBSERVATORY SUITE:

On the eighth floor of the hotel, the spacious Observatory Suite enjoys a large balcony and high-end touches throughout the 157sqm space. The living area's fireplace and mahogany desk complement the dining area that seats eight, with a service kitchen and in-suite dining experiences available to host professionally prepared dinners. The full en-suite bathroom features large windows next to the shower and free-standing bath, as well as a dedicated balcony. The master room's king size bed faces the room's floor to ceiling windows and private balcony, providing sublime sea views as soon as one wakes up. To maximise capacity, the suite can be connected to a Junior Suite and a Deluxe Sea View Room.

DINING AND ENTERTAINMENT

CAP ROIG BRASSERIE

The Brasserie restaurant spoiled with views of the mountains, Port and sea serves a rich and locally inspired Mediterranean menu through lunchtime and dinner services. The restaurant is host to a number of events during the season, including weekly Surf & Turf Barbeques, Kamado Experiences, and evening tasting menus completed with live Spanish Guitar.

ES FANALS BY JAVIER SORIANO

Exquisite Spanish Signature Cuisine is served at this restaurant located at the top of the hotel. Arriving via a spiral staircase takes guests around a two-floor chandelier that features the Fanals lamps for which the restaurant was named. The open kitchen allows guests to watch their meals being forged in front of their eyes. Dishes are delivered from kitchen to table by the very chefs that cooked them.

The restaurant is also host to the Guest Chef Series, a gastronomic hallmark event on the island which features four local chefs in a number of special events.

SUNSET RESTAURANT

From the top of the main building, this stylish restaurant and bar enjoys 180° views, the perfect place to watch the sun set into the sea. Stunning views enhance Japanese-Peruvian delicacies. The sushi is prepared in front of guests by the resident Sushi Chef. The layout of the restaurant reflects the beach and the sea, with blue and tan tones integrated throughout to make guests feel even closer to the coast.

180° LOBBY BAR

The Lobby Bar offers large variety of drinks and nibbles to savour while appreciating panoramic views on a sun-drenched terrace.

SA TALAIA POOL BAR & INFINITY POOL BAR

Each pool enjoys its own dedicated pool bar, supplying thirst-quenching drinks and bites to eat for guests relaxing by the water.

WELLNESS AND LEISURE

TALISE SPA

Serene mountains form the backdrop to the Spa's ten treatment rooms and thermal area, which includes a sauna and Hammam suite. Both in-house and day guests are invited to indulge in treatments that use local ingredients like citrus, almond and olives. Guests can enjoy treatments in their room on request. The heated outdoor hydropool is the ultimate place to relax, soaking in bubbles whilst immersed in the Tramuntana.

TALISE FITNESS

Open twenty-four hours a day, the state-of-the-art gym at Jumeirah Port Soller is fitted exclusively with Technogym equipment. There is a multitude of exercise classes held outside and in the yoga studio, which is otherwise at one's disposal for practice or meditation. On request, personal trainers are available for consultations and training sessions so every visitor can maintain their best during their stay.

SWIMMING POOLS

There are two outdoor swimming pools, both heated and with spectacular views. The luxurious infinity pool at the top of the hotel is for guests over the age of 12. Looking toward the Port and the sea, the Sa Talaia pool is enjoyed by all ages, its blue mosaic tiles specially chosen to mirror the colour of Es Trenc beach, one of the most beautiful beaches on the island.

THE TRAMUNTANA TERRACE

The Tramuntana Terrace is poised between the mountains and the sea. Bali beds, sun beds and a rain shower make it the perfect place to bathe in the sun's rays. One of the most idyllic spots in the hotel, it is the site of many weddings and the location for the Romantic Dinner Under The Stars experience.

VENUES FOR HIRE

Jumeirah Port Soller's range of event facilities leaves nothing to be desired. Every venue is outfitted with high-tech equipment and filled with natural light, while enjoying views of the stunning surroundings. The dedicated events team is available to meet all needs, ensuring a seamless event experience.

The Jumeirah Ballroom is the hotel's largest indoor venue and has been host to product launches and vibrant weddings. An elegant ballroom with 180° views from the mountains to the sea, this space is capable of accommodating up to 120 people, or 100 in banquet.

Named after local mountain villages, the Sóller, Fornalutx and Deià meeting rooms are more modest venues. The Sóller and Fornalutx rooms can be connected to expand the space, with a private terrace the ideal location for a coffee break. Deià is ideal for business meetings.

A multi-functional outdoor setting atop the 6th floor, the large Tramuntana Terrace accommodates up to 100 guests in banquet. The 240sqm space is particularly popular for weddings, barbeques and gala dinners due to its incredible perspective on the mountains, Port and sea.

TOTS AND TEENS

To guarantee an exciting welcome, each young guest is treated to a special complimentary amenity that is tailored to their age.

Children's menus are available in all of the restaurants, with the children's breakfast served on a separate boat service station, carefully customised for smaller sizes.

Barbaroja's Kids Club welcomes children between three to eight years old free of charge for unlimited time. Professional carers engage with the children over a variety of board games or creative, art-based activities, alongside books and TV screens.
