

An aerial photograph of the ocean. In the upper left, a speedboat is moving quickly, leaving a long, white, foamy wake that curves across the frame. In the lower center, a larger yacht is visible from a top-down perspective, showing its deck, cabin, and interior seating. The water is a deep, dark blue, and the overall scene conveys a sense of luxury and leisure.

RECREATION AND ACTIVITIES

DIVING

EXPERIENCE THE MAGIC OF THE SILENT WATER WORLD

Velaa Private Island is located in the untouched Noonu Atoll where, only a few minutes away, divers will discover unexplored dive sites with some of the most amazing fauna that the Maldives has to offer. Velaa Dive Center uses the highest range of Scuba Pro and Aqua Lung diving equipment and is affiliated with PADI® (the Professional Association of Diving Instructors). A wide range of courses are available, from the Seal Team for younger guests up to the professional level of Divemaster for more experienced divers. Additionally, digital cameras and GoPros are available for hire.

CORAL RESTORATION PROJECT

MARINE CONSERVATION AT VELAA PRIVATE ISLAND

In order to ensure the natural underwater beauty for future generations, Velaa Private Island has a dedicated marine team currently working on the biggest coral restoration programme in the Maldives. Guests can snorkel or scuba with the resident marine biologist who will share expertise and knowledge of daily marine conservation responsibilities of the foundation, which is recognised around the world. Guests also have the opportunity to adopt an individual coral line to add to Velaa's intrinsic rainforest of corals. They will be awarded with a coral adoption certificate along with biannual updates of the coral development.
