## RESTAURANTS & BARS

# terra

This fully reimagined lobby experience will lead guests through a journey of highly curated, artisanal local products, barista-made coffee, locally inspired pastries, Portuguese wines, and artisan grab and go items.

# SOMBRA

Taking inspiration from Portuguese painter Lourdes Castro whose defining work "made art with the shadows," Sombra (or "shadow") will create a moody and atmospheric hideaway amidst the natural surroundings and availability of the best seafood in the world.
